

Darly the Train Moneyboxes

Terms and Conditions

To encourage your child to save, we've set some milestones for when they can collect Darly carriage moneyboxes.

There are three carriage moneyboxes to collect; bronze, silver, and gold. Conditions are below:

1. The Darly Money Train and Carriage moneyboxes are limited edition, and we may stop offering them or vary the colour, design, or other specifications at any time.
2. The moneyboxes are suitable for children aged 36 months or older. They are moneyboxes, not toys.
3. You will be given the first Darly moneybox when you open the account with the minimum balance of £10. You must open the account at one of our branches. The moneybox is subject to availability.
4. To earn the bronze carriage your child will need to make 4 monthly deposits (the first opening deposit is included in this total).
5. To earn the silver carriage your child will need to make 8 monthly deposits (the first opening deposit is included in this total).
6. To earn the gold carriage your child will need to make 12 monthly deposits (the first opening deposit is included in this total).
7. Each deposit must be made in separate months, but they don't need to be consecutive months. This means you don't have to make a deposit every month, but it will take a little longer to collect each carriage.
8. We won't contact you to tell you your child is due to collect their next carriage.
9. When your child has made enough deposits to earn a carriage, take the passbook to any branch to collect the carriage, subject to availability.
10. We can't post or deliver any carriages.
